

# GATI

GLOBAL AXIS TRAINING INSTITUTE

# Training calendar

Electrical and Power Engineering, Middle East, December 2026

## DATES LISTED

32 dates

## FIELDS OF PRACTICE

1 field

## DELIVERY

Dubai, United Arab Emirates

---

### What this covers

Dates published to 18 December 2026. This copy was produced on 30 October 2026; anything published after that is not in it.

Fees are per delegate and cover tuition, programme materials and the certificate. Travel, accommodation and visas are arranged by the delegate. Registration closes two weeks before a programme starts.

Any of these programmes can also be run privately for a single organisation, on dates that suit it.

| DATES                  | PROGRAMME                                                                                                                                                                                               | WHERE                       | DAYS | FEE              |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------|------|------------------|
| 7 to 11 December 2026  | <b>ARC Flash Hazard Analysis: Impact, Control &amp; Safety</b>                                                                                                                                          | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026  | <b>Certified HV/MV Cable Splicing, Jointing and Termination</b>                                                                                                                                         | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026  | <b>CT/VT Testing Using Omicron CT Analyser &amp; CPC 100 Tools</b>                                                                                                                                      | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026  | <b>Electric Motor Testing, Operation, Maintenance, Protection and Troubleshooting</b>                                                                                                                   | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026  | <b>Electrical Drawings and Control Circuits</b>                                                                                                                                                         | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026  | <b>Electrical Equipment &amp; Control Systems: Commissioning, Testing &amp; Start-Up of Electrical Systems</b>                                                                                          | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026  | <b>Electrical Generators and Excitation Systems, Partial Discharge, Diagnostic Testing, and Protective Systems: Selection, Applications, Operation, Refurbishment, Troubleshooting, and Maintenance</b> | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026  | <b>Electrical Power System Protection, Stability and Dynamics</b>                                                                                                                                       | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026  | <b>ETAP: Electrical Power System Analysis Software</b>                                                                                                                                                  | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026  | <b>Future-Ready Electrical Distribution Training</b>                                                                                                                                                    | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026  | <b>LV and HV Circuit Breakers Training Course</b>                                                                                                                                                       | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026  | <b>LV-MV-HV Circuit Breakers and Switchgears Design, Inspection, Maintenance, Repair &amp; Troubleshooting</b>                                                                                          | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026  | <b>Motor Current Signature Analysis</b>                                                                                                                                                                 | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026  | <b>Operation and Maintenance of Circuit Breakers and Switchgears</b>                                                                                                                                    | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026  | <b>SIPROTEC 5: Ensuring Efficient Power System Protection</b>                                                                                                                                           | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Advanced Operation and Maintenance of Circuit Breakers and Switchgear</b>                                                                                                                            | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Control Valve Philosophy and ESD Valve Size</b>                                                                                                                                                      | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Earthing, Bonding, Lightning, and Surge Protection of Electrical and Electronic Systems</b>                                                                                                          | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |

| DATES                  | PROGRAMME                                                                                                                   | WHERE                       | DAYS | FEE              |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------|-----------------------------|------|------------------|
| 14 to 18 December 2026 | <b>Electric Submersible Pumps (ESPs): Selection, Installation, Operation and Maintenance</b>                                | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Electrical Engineering for Non-Electrical Engineers</b>                                                                  | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Electrical Safety: Importance of Electrical Safety, Identifying Risks and Hazards, Catastrophic Effects of Arc Flash</b> | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Emergency Diesel Generator Operation, Maintenance &amp; Troubleshooting</b>                                              | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>LabVIEW (Level 1) Training Course</b>                                                                                    | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Overhead Transmission Lines Mechanical Design and Performance</b>                                                        | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>PLC: Logic Development, Programming and Troubleshooting</b>                                                              | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Power System Analysis Skills for Engineers and Technicians</b>                                                           | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Protection Relay Application Training Course</b>                                                                         | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Safe Operation of High Voltage (Hv) and Low Voltage (Lv) Electrical Systems</b>                                          | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Transformer Testing and Analysis Training Course</b>                                                                     | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Troubleshooting of Electrical Equipment and Control Systems</b>                                                          | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Understanding Arc Flash Phenomenon, Risk, and Incident Energy</b>                                                        | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>UPS Systems and Battery Chargers: Engineering and Design</b>                                                             | Dubai, United Arab Emirates | 5    | <b>US\$1,500</b> |

# Booking a place

---

## 1 Choose the date

Every date in this document has its own page on the website, with the full outline, who it is for and what a delegate leaves able to do.

## 2 Register the delegate

Registration takes a few minutes and closes two weeks before a programme starts. An advisor confirms the place before anything is payable.

## 3 Settle the fee

By invoice to your organisation, by bank transfer, or by card. A sponsored or funded place can be recorded instead.

# Speak to an advisor
