

# GATI

GLOBAL AXIS TRAINING INSTITUTE

# Training calendar

Renewable and Nuclear Energy, Africa, December 2026

## DATES LISTED

101 dates

## FIELDS OF PRACTICE

1 field

## LOCATIONS

12 cities

---

### What this covers

Dates published to 18 December 2026. This copy was produced on 30 October 2026; anything published after that is not in it.

Fees are per delegate and cover tuition, programme materials and the certificate. Travel, accommodation and visas are arranged by the delegate. Registration closes two weeks before a programme starts.

Any of these programmes can also be run privately for a single organisation, on dates that suit it.

| DATES                 | PROGRAMME                                                                                | WHERE                   | DAYS | FEE              |
|-----------------------|------------------------------------------------------------------------------------------|-------------------------|------|------------------|
| 7 to 11 December 2026 | <b>Advanced Digital Data Analytics: Leveraging the Digital Maze in the Energy Sector</b> | Dar es Salaam, Tanzania | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Business and Climate Change Training Course</b>                                       | Accra, Ghana            | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Carbon Footprint Measurement and Reduction Strategies</b>                             | Accra, Ghana            | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Carbon Management Competence: Essential Skills for Leaders</b>                        | Kampala, Uganda         | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Certified Renewable Energy: Solar, Wind and Bio Energy</b>                            | Lagos, Nigeria          | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Clean Hydrogen: The Investment Case and Project Development Best Practices</b>        | Gaborone, Botswana      | 5    | <b>R15,000</b>   |
| 7 to 11 December 2026 | <b>CO2 Capture, Processing &amp; Technologies</b>                                        | Kampala, Uganda         | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Cybersecurity for the Energy Sector: Navigating the Digital Turbulence</b>            | Maseru, Lesotho         | 5    | <b>R15,000</b>   |
| 7 to 11 December 2026 | <b>Data Science Essentials for the Energy Sector</b>                                     | Maseru, Lesotho         | 5    | <b>R15,000</b>   |
| 7 to 11 December 2026 | <b>Digital Energy and Optimisation</b>                                                   | Maseru, Lesotho         | 5    | <b>R15,000</b>   |
| 7 to 11 December 2026 | <b>Electricity Storage Market</b>                                                        | Port Louis, Mauritius   | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Energy and Climate Change: Decarbonising Energy Economies with Renewable Energy</b>   | Gaborone, Botswana      | 5    | <b>R15,000</b>   |
| 7 to 11 December 2026 | <b>Energy and Sustainability Mini MBA</b>                                                | Accra, Ghana            | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Energy Isolation: Standards, Techniques and Best Practices</b>                        | Cape Town, South Africa | 5    | <b>R15,000</b>   |
| 7 to 11 December 2026 | <b>Fan Systems in Renewable Energy</b>                                                   | Maseru, Lesotho         | 5    | <b>R15,000</b>   |
| 7 to 11 December 2026 | <b>Fundamentals of Geothermal Energy</b>                                                 | Kampala, Uganda         | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Fundamentals of Wind Energy Training Course</b>                                       | Dar es Salaam, Tanzania | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Hydro-treating, Catalyst Reactor Technology</b>                                       | Maseru, Lesotho         | 5    | <b>R15,000</b>   |
| 7 to 11 December 2026 | <b>Hydrogen Industry Fundamentals</b>                                                    | Kampala, Uganda         | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Hydrogen Masterclass: From Fundamentals to Business Development</b>                   | Cairo, Egypt            | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Hydrogen Workshop: Moving Towards Hydrogen Economy</b>                                | Windhoek, Namibia       | 5    | <b>R15,000</b>   |
| 7 to 11 December 2026 | <b>Hydrogen: Production, Delivery, Storage and Use</b>                                   | Maseru, Lesotho         | 5    | <b>R15,000</b>   |

| DATES                 | PROGRAMME                                                                                                                              | WHERE                   | DAYS | FEE              |
|-----------------------|----------------------------------------------------------------------------------------------------------------------------------------|-------------------------|------|------------------|
| 7 to 11 December 2026 | <b>International Nuclear Energy Law and Policy</b>                                                                                     | Durban, South Africa    | 5    | <b>R15,000</b>   |
| 7 to 11 December 2026 | <b>ISO 5000: Energy Management System and Implementation</b>                                                                           | Nairobi, Kenya          | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>ISO 50001: Energy Management Systems</b>                                                                                            | Accra, Ghana            | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Local Production of Wind Turbines</b>                                                                                               | Dar es Salaam, Tanzania | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Low Carbon Development and Empowering Sustainability</b>                                                                            | Dar es Salaam, Tanzania | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Mastering Renewable and Alternative Energies</b>                                                                                    | Nairobi, Kenya          | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Maximising Energy Efficiency in Buildings</b>                                                                                       | Port Louis, Mauritius   | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Nuclear Legislation, Standards and Guidelines</b>                                                                                   | Lagos, Nigeria          | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Nuclear Mechanical Systems and Components</b>                                                                                       | Cairo, Egypt            | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Nuclear Operating License Requirements</b>                                                                                          | Accra, Ghana            | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Nuclear Power Energy Fundamentals</b>                                                                                               | Durban, South Africa    | 5    | <b>R15,000</b>   |
| 7 to 11 December 2026 | <b>Nuclear Power Technologies and Safety Management Systems</b>                                                                        | Nairobi, Kenya          | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Nuclear Safety Culture: Build a Culture for a Safe Site</b>                                                                         | Windhoek, Namibia       | 5    | <b>R15,000</b>   |
| 7 to 11 December 2026 | <b>Nuclear Safety Training Course</b>                                                                                                  | Lagos, Nigeria          | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Nuclear Technology Awareness Programme</b>                                                                                          | Nairobi, Kenya          | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Photovoltaic (PV) and Energy Storage for Engineers</b>                                                                              | Lagos, Nigeria          | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Policy Leadership for Sustainable Energy Transitions</b>                                                                            | Accra, Ghana            | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Process reactors: Operation, Troubleshooting, Start-Up &amp; Shutdown: Hydro-Treating, Catalytic Reforming &amp; Hydro-Cracking</b> | Lagos, Nigeria          | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Renewable Energy Based Distributed Generation Systems</b>                                                                           | Cairo, Egypt            | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Renewable Energy Essentials Training</b>                                                                                            | Lagos, Nigeria          | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Renewable Energy Essentials Training Course</b>                                                                                     | Cairo, Egypt            | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026 | <b>Renewable Energy Including Ethanol Production</b>                                                                                   | Nairobi, Kenya          | 5    | <b>US\$1,500</b> |

| DATES                  | PROGRAMME                                                                                     | WHERE                   | DAYS | FEE              |
|------------------------|-----------------------------------------------------------------------------------------------|-------------------------|------|------------------|
| 7 to 11 December 2026  | <b>Renewable Energy Technologies: Photovoltaic's Fundamentals, Technology and Application</b> | Accra, Ghana            | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026  | <b>Renewable Energy, Solar Power Design, Installation and Maintenance</b>                     | Nairobi, Kenya          | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026  | <b>Renewable Energy: Biomass and Biogas Power Plant</b>                                       | Kampala, Uganda         | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026  | <b>Renewable Energy: Resources and Integration</b>                                            | Dar es Salaam, Tanzania | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026  | <b>Renewable Energy: Thermal Solar System</b>                                                 | Accra, Ghana            | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026  | <b>Smart Grid with Renewable Energy Training</b>                                              | Port Louis, Mauritius   | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026  | <b>Smart Grids Integration and Modelling</b>                                                  | Dar es Salaam, Tanzania | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026  | <b>Solar Energy System Fundamentals</b>                                                       | Cape Town, South Africa | 5    | <b>R15,000</b>   |
| 7 to 11 December 2026  | <b>Solar Energy: Integration of Photovoltaic (PV) Systems and Microgrids</b>                  | Nairobi, Kenya          | 5    | <b>US\$1,500</b> |
| 7 to 11 December 2026  | <b>Wind Energy and Applications</b>                                                           | Durban, South Africa    | 5    | <b>R15,000</b>   |
| 14 to 18 December 2026 | <b>Advanced Digital Data Analytics: Leveraging the Digital Maze in the Energy Sector</b>      | Cairo, Egypt            | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Business and Climate Change Training Course</b>                                            | Dar es Salaam, Tanzania | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Carbon Footprint Measurement and Reduction Strategies</b>                                  | Gaborone, Botswana      | 5    | <b>R15,000</b>   |
| 14 to 18 December 2026 | <b>Certified Renewable Energy: Solar, Wind and Bio Energy</b>                                 | Accra, Ghana            | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Clean Hydrogen: The Investment Case and Project Development Best Practices</b>             | Cairo, Egypt            | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Cybersecurity for the Energy Sector: Navigating the Digital Turbulence</b>                 | Cape Town, South Africa | 5    | <b>R15,000</b>   |
| 14 to 18 December 2026 | <b>Data Science Essentials for the Energy Sector</b>                                          | Kampala, Uganda         | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Digital Energy and Optimisation</b>                                                        | Durban, South Africa    | 5    | <b>R15,000</b>   |
| 14 to 18 December 2026 | <b>Electricity Storage Market</b>                                                             | Gaborone, Botswana      | 5    | <b>R15,000</b>   |
| 14 to 18 December 2026 | <b>Energy and Sustainability Mini MBA</b>                                                     | Port Louis, Mauritius   | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Energy Isolation: Standards, Techniques and Best Practices</b>                             | Cairo, Egypt            | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Fan Systems in Renewable Energy</b>                                                        | Cape Town, South Africa | 5    | <b>R15,000</b>   |
| 14 to 18 December 2026 | <b>Fundamentals of Geothermal Energy</b>                                                      | Nairobi, Kenya          | 5    | <b>US\$1,500</b> |

| DATES                  | PROGRAMME                                                                                               | WHERE                   | DAYS | FEE              |
|------------------------|---------------------------------------------------------------------------------------------------------|-------------------------|------|------------------|
| 14 to 18 December 2026 | <b>Green Hydrogen Projects</b>                                                                          | Lagos, Nigeria          | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Hydro-treating, Catalyst Reactor Technology</b>                                                      | Cape Town, South Africa | 5    | <b>R15,000</b>   |
| 14 to 18 December 2026 | <b>Hydrogen Industry Fundamentals</b>                                                                   | Cape Town, South Africa | 5    | <b>R15,000</b>   |
| 14 to 18 December 2026 | <b>Hydrogen Masterclass: From Fundamentals to Business Development</b>                                  | Accra, Ghana            | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Hydrogen: Production, Delivery, Storage and Use</b>                                                  | Cape Town, South Africa | 5    | <b>R15,000</b>   |
| 14 to 18 December 2026 | <b>International Nuclear Energy Law and Policy</b>                                                      | Lagos, Nigeria          | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>ISO 5000: Energy Management System and Implementation</b>                                            | Port Louis, Mauritius   | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>ISO 50001: Energy Management Systems</b>                                                             | Windhoek, Namibia       | 5    | <b>R15,000</b>   |
| 14 to 18 December 2026 | <b>Lightning and Lightning Protection Systems</b>                                                       | Nairobi, Kenya          | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Local Production of Wind Turbines</b>                                                                | Accra, Ghana            | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Mastering Energy Storage Systems</b>                                                                 | Durban, South Africa    | 5    | <b>R15,000</b>   |
| 14 to 18 December 2026 | <b>Modern Trends in Renewables: Insights into Solar Power, Wind Power Developments and Technologies</b> | Port Louis, Mauritius   | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Nuclear Legislation, Standards and Guidelines</b>                                                    | Nairobi, Kenya          | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Nuclear Mechanical Systems and Components</b>                                                        | Kampala, Uganda         | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Nuclear Operating License Requirements</b>                                                           | Cape Town, South Africa | 5    | <b>R15,000</b>   |
| 14 to 18 December 2026 | <b>Nuclear Power Energy Fundamentals</b>                                                                | Windhoek, Namibia       | 5    | <b>R15,000</b>   |
| 14 to 18 December 2026 | <b>Nuclear Power Technologies and Safety Management Systems</b>                                         | Dar es Salaam, Tanzania | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Nuclear Requirements Compared: EUR and URD</b>                                                       | Accra, Ghana            | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Nuclear Safety Culture: Build a Culture for a Safe Site</b>                                          | Kampala, Uganda         | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Nuclear Safety Training Course</b>                                                                   | Port Louis, Mauritius   | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Nuclear Technology Awareness Programme</b>                                                           | Accra, Ghana            | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Photovoltaic (PV) and Energy Storage for Engineers</b>                                               | Cape Town, South Africa | 5    | <b>R15,000</b>   |
| 14 to 18 December 2026 | <b>Policy Leadership for Sustainable Energy Transitions</b>                                             | Maseru, Lesotho         | 5    | <b>R15,000</b>   |

| DATES                  | PROGRAMME                                                                                     | WHERE                 | DAYS | FEE              |
|------------------------|-----------------------------------------------------------------------------------------------|-----------------------|------|------------------|
| 14 to 18 December 2026 | <b>Renewable Energy Based Distributed Generation Systems</b>                                  | Nairobi, Kenya        | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Renewable Energy Essentials Training</b>                                                   | Nairobi, Kenya        | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Renewable Energy Essentials Training Course</b>                                            | Maseru, Lesotho       | 5    | <b>R15,000</b>   |
| 14 to 18 December 2026 | <b>Renewable Energy Technologies: Photovoltaic's Fundamentals, Technology and Application</b> | Maseru, Lesotho       | 5    | <b>R15,000</b>   |
| 14 to 18 December 2026 | <b>Renewable Energy: Biomass and Biogas Power Plant</b>                                       | Durban, South Africa  | 5    | <b>R15,000</b>   |
| 14 to 18 December 2026 | <b>Renewable Energy: Thermal Solar System</b>                                                 | Gaborone, Botswana    | 5    | <b>R15,000</b>   |
| 14 to 18 December 2026 | <b>Renewable Resources and Distribution Protection System with Communication</b>              | Maseru, Lesotho       | 5    | <b>R15,000</b>   |
| 14 to 18 December 2026 | <b>Smart Grids Integration and Modelling</b>                                                  | Windhoek, Namibia     | 5    | <b>R15,000</b>   |
| 14 to 18 December 2026 | <b>Solar Energy System Fundamentals</b>                                                       | Nairobi, Kenya        | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>The Renewable Energy Mini-MBA</b>                                                          | Cairo, Egypt          | 5    | <b>US\$1,500</b> |
| 14 to 18 December 2026 | <b>Wind Energy and Applications</b>                                                           | Port Louis, Mauritius | 5    | <b>US\$1,500</b> |

# Booking a place

---

## 1 Choose the date

Every date in this document has its own page on the website, with the full outline, who it is for and what a delegate leaves able to do.

## 2 Register the delegate

Registration takes a few minutes and closes two weeks before a programme starts. An advisor confirms the place before anything is payable.

## 3 Settle the fee

By invoice to your organisation, by bank transfer, or by card. A sponsored or funded place can be recorded instead.

# Speak to an advisor
