FINANCE, ACCOUNTING AND AUDIT

Public Financial Management

DURATION	CONTACT HOURS	LEVEL	FEE PER DELEGATE
5 days	30	Intermediate	US$1,500

Budget preparation, execution and reporting in institutions accountable to the public purse.

Public financial management operates under constraints that private sector finance does not face: appropriation, in year rules, and accountability to bodies with statutory powers. This programme covers the full cycle, with attention to the execution stage where most control weaknesses appear.

Available as classroom, live online, in house.
